MEDI-COSMETIQUE

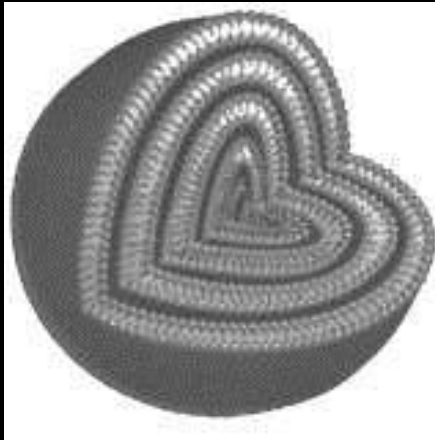

THE FIRST COSMETIC PRODUCTS DIRECTLY INSPIRED BY AESTHETIC MEDICINE

CHRONOSPHERES

VECTOR OF ACTIVE INGREDIENTS WITHOUT NEEDLES

MICROSCOPIC VECTOR WITH PROGRESSIVE LIBERATION

Exclusive : result from a patented discovery by the French CNRS

MICROSCOPIC-SIZE SPHERES (0,1 μm)

Ease ingredients' penetration and enable an injection-like diffusion

Multi-layers Spheres (Several Hundred Layers)

For A Progressive Release Of The Ingredients

CHRONOSPHERES

THE RED THREAD OF THE LINE

All Medi-cosmetic products contain progressive release chronospheres which include :

- **HYALURONIC ACID**

- A high molecular weight hyaluronic acid
- Identical to the one injected in medical aesthetic treatments

- **NCTF**

- Poly-revitalizing cocktail of 53 ingredients.
- Certified copy of the formula used for mesotherapy.
- 12 Vitamins: Stimulate vital functions of the cells.
- 23 Amino Acids: stimulate construction of Elastine & collagen.
- 6 Coenzymes: Catalyse the biochemical reactions of the tissue.
- 5 Nucleic bases: Activate cell communication.
- 6 Minerals: Overcome cell deficiencies.
- 1 Antioxidants: Reduce the synthesis of free radicals
